

FRED CHOI

Software Engineer at Medallion, based in NYC

fredchoi1205@gmail.com | <https://fredkchoi.github.io/>

Full stack software engineer with 4+ years of experience building healthcare technology web applications. Specialized in Python/Django and React, and passionate about automating complex workflows to solve real world problems and scale business operations.

WORK EXPERIENCE:

- **Software Engineer III at Medallion (2023 - current)**
 - o Architected a granular payer enrollment tracking system by extending data models to support partial enrollment approvals, reducing revenue delay for completed locations.
 - o Built AI-powered OCR quality assurance tooling that automated inspection of completed payer enrollment forms to point out any potential inconsistencies with provider data.
 - o Led large-scale data migration initiatives to reduce technical debt, optimize enrollment follow-up flows, and consolidate fragmented payer name data.
- **Software Engineer II at Medallion (2022 - 2023):**
 - o Led Payer Contracting software project to replace a legacy spreadsheet-based system, doubling operational capacity. Created documentation and training materials for the Operations Team.
 - o Implemented Provider Management projects using GraphQL and Strawberry for a new product suite used by hospitals to manage credentialing and privileging.
- **ML Engineer Intern at JD.com (Summer 2021):**
 - o Developed bilinear CNN models for image classification tasks using PyTorch.
 - o Constructed noisy image classification datasets from real world images to evaluate performance and robustness of existing fine-grained image classification models.
- **Research Assistant at University of Pennsylvania (Summer 2019):**
 - o Analysis of cell images using an image segmentation model in MATLAB.
 - o Assisted in ground truth labelling to distinguish between different types of cells.

EDUCATION:

- **University of Pennsylvania**, Philadelphia, PA *August 2018 – May 2022*
Bachelor of Science in Engineering (BSE) in Computer and Information Science. Minor in Math, May 2022
Bachelor of Science in Engineering (BSE) in Materials Science and Engineering, May 2022
Cumulative GPA: 3.63/4.00

TECHNICAL STRENGTHS:

- **Strong:** Python, Javascript, React, React Redux, AntD, Django, GraphQL, Apollo, Strawberry, PostgreSQL, Jupyter, PyTorch, Docker, Celery, AWS
- **Medium:** SQL, Java, C, Matlab, Bootstrap, MongoDB, Express, Verilog, Typescript, Selenium
- **Familiar:** OCaml, Spark
- **AI/LLM Tools:** OpenAI/Codex, Cursor, Claude, Devin

LANGUAGE SKILLS:

- **Native:** English (native language), Cantonese, Mandarin Chinese
- **Proficient:** German (Attained Sprachdiplom I in 2016)
- **Elementary:** Italian
